SOURCE OF THE SELLING IS A

Mr. Murchie also believes that the rock carries pitchblende and possibly tin, but he has not reit, able to stand the costs of complete analyses of the ore. He is here for the purpose of trying to interest someone with him in the claims which he has located. He has brought in samples of the ore.

Ore and Bullion.

Ore and Bullion.

Ore and Bullion of the damission of an additional Standard Oil representative to the New York Central board. The rebound in United States Steel securities was largely attributed to the round figures of 10 and 50 reached yesterday in the course of the greated to the round figures of 10 and 50 reached yesterday in the course of the damission of an additional standard Oil representative to the New York Central board. The rebound in United States Steel securities was largely attributed to the round figures of 10 and 50 reached yesterday in the course of the long decline, figures which have a natural attraction to the speculative mind at the culmination of a campaign. Reports that yesterday's steel meeting had decided against further cuts at present in ports. Silver, 56%c per ounce.

Silver, 56%c per ounce.

Copper, 12%c; New York, 13%c, Lead, \$3.50; New York, \$4.50.

Mining Notes.

Twelve cars of ore from Tintic and one from Nevada were reported at the Taylor & Brunton sampler yesterday morning.

A. H. Mayne, manager of the Minola company's Park City property, has returned from a business trip to Kansas in height to this line of distinct the cubic data of the admission of an additional standard Oil representative to the New York Central board. The rebound in United States Steel securities was largely attributed to the Young figures of 10 and the ports of the admission of an additional standard Oil representative to the New York Central board. The rebound in United States Steel securities was largely attributed to the round figures of 10 and the private of the weak Packers and local traders from the triple of the culmination of a campaign. Reports that yes reached yearly said attributed to
